

**CHDP "SHARE THE CARE" - PLEASE JOIN THE EFFORT**

"Share the Care", a joint effort of the Child Health and Disability Prevention (CHDP) Program and the San Diego County Dental Society, matches volunteer dentists with children needing urgent dental care. Participating dentists say that the "Share the Care" program is working well and over 5,712 children from low-income families have been referred to date. Families have been very appreciative and a high percentage (90%) of appointments have been kept. School nurses tell about the children returning to school after dental appointments smiling for the first time in months.

Currently, there are 226 dentists, 51 assistants and 17 dental labs registered with "Share the Care." Although many Assistants are involved at their office, we would like to develop a separate registry for assistants.

**This is an opportunity to make a difference.**

**Assistants  
"SHARE THE CARE" SURVEY**

1. I have worked with "Share the Care" children.  
 Yes       No      How many?
2. I would be willing to help with a "Share the Care" patient in another office.  
 Yes       No
3. I would be willing to participate in an Educational and/or Sealant Program.  
 Yes       No
4. I would be willing to work with a school/community in developing an Educational and/or Sealant Program.  
 Yes       No   
 Community  School
